

March 28, 1973

amendments are adopted. Now, Senator Burbach, back to you.

SENATOR BURBACH: Mr. President, members of the Legislature, I believe that I have completely explained the bill to you because the amendments are mainly the bill. They are corrections over the old prior to 1413, much of 1413 is intact in LB 17 except that the fees and the rates have been tied down to a definite figure and we will have inspection and testimony at the public hearing that day, this will be enough money. These rates, these fees with the State General Fund appropriation will be sufficient to provide annual inspection of all the measuring devices that we have in the state as they were recognized in 1413 and prior to. This does not now include any electrical meters nor does it have parking meters nor does it have gas meters. They are gas pumps and scales and those measuring devices which have been recognized over the years. No new ones are involved. Mr. President, I move to advance LB 17 to E & R for initial.

PRESIDENT: Is there any further discussion now of LB 17 as amended? Question is, shall LB 17 as amended be advanced from General File to E & R Initial. All those in favor vote aye, all those opposed vote no. I suppose the chair could observe that we barely have a quorum here so... We'll need all the able fingers we can get. Have you all voted? Clerk will record.

CLERK: 26 ayes, 1 nay, 22 not voting.

PRESIDENT: Okay, the bill is advanced. Do we have any other business on the desk?

CLERK: Yes, Mr. President, we have a Committee on Committees report recommending to the Senate the confirmation of Dr. Jack Anderson. Signed, Senator Whitney. Mr. President, we have a rules committee change which would change the requirement of raising bills to General File notwithstanding the action of the committee from a majority of the elected membership to a 3/5ths vote of the elected members. That's all, Mr. President.

PRESIDENT: Be referred to the Rules Committee.

CLERK: I move we adjourn, signed Senator Hasebroock.

PRESIDENT: Motion is to adjourn until 9:00 tomorrow morning. Is there any other business to come before the body? All those in favor of the motion to adjourn until 9:00 tomorrow morning please signify by saying aye. Those opposed say no. So ordered. We are adjourned.
